### We wish you a merry Christmas

Lyrics: Dr. Monticello / Composer: Dr. Monticello

We wish you a merry Christmas, yeah, we're coming with the flow  
 We wish you a merry Christmas, puttin' on a show  
 Good tidings when we pull up, bringing that to you and yours  
 Merry Christmas, Happy New Year, clearing all the floors!  
 (Hey, hey!)

Yeah, we just pulled up, knocking on your door (knock knock)  
 Bringing all the good vibes, coming back for more  
 Spreading out the cheer to everybody here  
 Gonna light up the night, chase away the fear  
 From our crew to your kin, let the holiday spin

The season's finally here, feeling so alive  
 It's that festive fever, yeah, we're gonna thrive  
 Gonna keep that merry spirit high  
 Watch the Christmas joy just fly!

We wish you a merry Christmas, yeah, we're coming with the flow  
 We wish you a merry Christmas, puttin' on a show  
 Good tidings when we pull up, bringing that to you and yours  
 Merry Christmas, Happy New Year, clearing all the floors!  
 (Hey, hey!)

Okay, real talk now, running kinda low on fuel  
 We heard the snacks inside are something really cool  
 Talking 'bout that pudding, yeah, the figgy kind  
 It's on our minds, crossing the line  
 We're here for the party, we're here for the fun  
 But can we get a platter when the singing is done?

The season's finally here, feeling so alive  
 It's that festive fever, yeah, we're gonna thrive  
 Gonna keep that merry spirit high  
 Watch the Christmas joy just fly!

We wish you a merry Christmas, yeah, we're coming with the flow  
 We wish you a merry Christmas, puttin' on a show  
 Good tidings when we pull up, bringing that to you and yours  
 Merry Christmas, Happy New Year, clearing all the floors!  
 (Hey, hey!)

We won't leave, no, we won't go  
 'Til the figgy pudding is the center of the show  
 We're having fun, yeah, the fever's tight  
 But we're staying right here all night!

We wish you a merry Christmas, yeah, we're coming with the flow  
 We wish you a merry Christmas, puttin' on a show  
 Good tidings when we pull up, bringing that to you and yours  
 Merry Christmas, Happy New Year, clearing all the floors!  
 (Hey, hey!)

Merry Christmas, Happy New Year.  
 Good vibes only here.  
 Yeah, bring that pudding out here...  
 We out.

### A new King's coming

Lyrics: Dr. Monticello / Composer: Dr. Monticello

Word dropped from the sky, an angel made the call  
 To some night-shift shepherds, chilling by the wall  
 Fields were freezing, the darkness running deep  
 While they were out there watching over sleeping sheep

Stars are shining, can you feel the light?  
 Something epic's breaking through the night

Oh, the sound, sound, sound, sound  
 A new King's coming to our town!  
 Yeah, the sound, sound, sound, sound  
 Hope is here, turning life around!

They looked up, saw a signal far away  
 Blazing in the east, brighter than the day  
 Lit the whole world up, a supernatural glow  
 Kept on shining, putting on a show

Stars are shining, can you feel the light?  
 Something epic's breaking through the night

Oh, the sound, sound, sound, sound  
 A new King's coming to our town!

## Christmas Gifts From Dr. Monticello

Yeah, the sound, sound, sound, sound  
Hope is here, turning life around!

So everybody, let's get on the same page  
Shout it out now, this is a new age  
He made the cosmos, gave us breath and space  
Saved humanity, by his amazing grace

Oh, the sound, sound, sound, sound  
A new King's coming to our town!  
Yeah, the sound, sound, sound, sound  
Hope is here, turning life around!

The King is here, the King is here  
Yeah, the King is born, banishing the fear!  
Born is the King, yeah, the King is real  
Born is the King of Israel!

### Every December 24<sup>th</sup>

Lyrics: Dr. Monticello / Composer: Dr. Monticello

Blanket wrapped around my shoulders tight  
Dad's old couch, it's rough but feels just right  
Left some cookies by the fireplace  
Wrote a note in my best handwriting

The tree lights paint colors on the wall  
I swear this time I won't fall

Every December 24th  
I'd fight to keep my eyes open  
Every December 24th  
But sleep would always win

(Drifting, drifting away)  
(Another Christmas day)

Seven years old with my Elsa PJs  
Mom says "Santa won't come if you stay"  
But I just had to know the truth  
About footsteps on our rooftop

My eyelids getting heavy now  
Just five more minutes, I know how

Every December 24th  
I'd fight to keep my eyes open  
Every December 24th  
But sleep would always win

(Drifting, drifting away)  
(Another Christmas day)

Now I'm grown, but something stays the same  
That feeling when December calls my name  
And though I know what happens while I sleep  
There's still some magic I want to keep

Every December 24th  
I still try to stay open  
Every December 24th  
Let me be young again

### Sleigh Ride Groove

Lyrics: Dr. Monticello / Composer: Dr. Monticello

Stepping out the door, the city's covered white  
Got the crew all bundled, yeah, we're doing this tonight  
We're gliding past the streetlights, moving fast, you know the vibe  
Got the kind of joy that you can't even describe  
The air is crisp, the mood is lit, feeling so alive  
It's that seasonal thrill when the good times arrive

Hear the rhythm ringing, bringing on the cheer  
It's the best time of the whole entire year  
Gotta let go, put the stress on hold  
This feeling right here is better than gold!

Oh, bells are ringing, hey, hear the sound we're making  
Winter wonderland, yeah, the roof is what we're shaking  
Oh, every moment feels like a holiday  
Got that sleigh ride groove, grooving all the way! (Hey, hey!)  
Remember that time we wiped out in the snow?

## Christmas Gifts From Dr. Monticello

Laughed 'til we cried, putting on a show  
 The horse was wilding, went into a bank  
 Fell right over, guess the universe we thank  
 It's those messy moments that make the best memories  
 Just vibing with my people under all these trees

Hear the rhythm ringing, bringing on the cheer  
 It's the best time of the whole entire year  
 Gotta let go, put the stress on hold  
 This feeling right here is better than gold!

Oh, bells are ringing, hey, hear the sound we're making  
 Winter wonderland, yeah, the roof is what we're shaking  
 Oh, every moment feels like a holiday  
 Got that sleigh ride groove, grooving all the way! (Hey, hey!)

Now the ground is white, go out while you're young  
 Feel that happy song we all know has been sung  
 Grab your crew, live it up, don't you wait  
 Open sleigh, hit the road, celebrate the date  
 The moment is now, gotta take the lead...

Oh, bells are ringing, hey, hear the sound we're making  
 Winter wonderland, yeah, the roof is what we're shaking  
 Oh, every moment feels like a holiday  
 Got that sleigh ride groove, grooving all the way! (Hey, hey!)

Grooving all the way, hey!  
 Sleigh ride groove tonight.  
 Winter vibes, away.  
 Winter vibes, away, yeah.

### Deck the halls

Lyrics: Thomas Oliphant / Composer: Dr. Monticello

Deck the halls with boughs of holly  
 Fa, la, la, la, la, la, la, la!  
 'Tis the season to be jolly  
 Fa, la, la, la, la, la, la, la!  
 Fill the meadcup, drain the barrel  
 Fa, la, la, la, la, la, la, la!  
 Trol the ancient Christmas carol

Fa, la, la, la, la, la, la, la!

See the flowing bowl before us  
 Fa, la, la, la, la, la, la, la!  
 Strike the harp and join the chorus  
 Fa, la, la, la, la, la, la, la!  
 Follow me in merry measure  
 Fa, la, la, la, la, la, la, la!  
 While I sing of beauty's treasure  
 Fa, la, la, la, la, la, la, la!

Fast away the old year passes  
 Fa, la, la, la, la, la, la, la!  
 Hail the new, ye lads and lasses!  
 Fa, la, la, la, la, la, la, la!  
 Laughing, quaffing all together  
 Fa, la, la, la, la, la, la, la!  
 Heedless of the wind and weather  
 Fa, la, la, la, la, la, la, la!

### Christmas evergreen

Lyrics: Dr. Monticello / Composer: Dr. Monticello

You're still standing there when the temperature drops low  
 Holding it down when the winter winds blow  
 The whole world is changing, moving fast in the street  
 But you're the one constant I know I'm gonna meet  
 Summer fades out, but you keep that same aura  
 A visual promise I can't help but describe

From the first snowfall 'til the New Year's embrace  
 You got that feeling, nothing can replace  
 Yeah, you got me believing in the magic again  
 Just watch how you shine 'til the very end!

Oh, evergreen, you're the realest thing I've known  
 In a world full of temporary, you got a solid throne  
 Stays the same color, yeah, that classic green  
 The best part of December, a beautiful scene  
 O Christmas Tree, yeah, you never let me down  
 The brightest light shining in this whole town.

## Christmas Gifts From Dr. Monticello

The lights start to twinkle, the silver bells ring  
 Feeling that joy that only you seem to bring  
 Forget all the drama, forget all the stress  
 You put me in my holiday dress  
 It's goodwill and good vibrance when you come around  
 The happiest feeling, a beautiful sound.

From the first snowfall 'til the New Year's embrace  
 You got that spirit, nothing can replace  
 Yeah, you got me believing in the magic again  
 Just watch how you shine 'til the very end!

Oh, evergreen, you're the realest thing I've known  
 In a world full of temporary, you got a solid throne  
 Stays the same color, yeah, that classic green  
 The best part of December, a beautiful scene  
 O Christmas Tree, yeah, you never let me down  
 The brightest light shining in this whole town.

A symbol of love that keeps glowing so bright  
 Through the long silent nights  
 Yeah, you stay the same, always true to your shade  
 A promise of joy that will never, ever fade...

Oh, evergreen, you're the realest thing I've known (The realest thing)  
 In a world full of temporary, you got a solid throne (Got a throne)  
 Stays the same color, yeah, that classic green (That classic green!)  
 The best part of December, a beautiful scene  
 O Christmas Tree, yeah, you never let me down (Never let me down)  
 The brightest light shining in this whole town.

Oh yeah, unchanging.  
 Evergreen, you're amazing.  
 The lights are shining bright.  
 Merry Christmas, alright.  
 Yeah, yeah...

### Silent Night Holy Night

Lyrics: John Freeman Young, 1859 (Original: Joseph Franz Mohr)  
 / Composer: Dr. Monticello

Silent night, holy night

All is calm, all is bright  
 Round yon Virgin, Mother and Child  
 Holy Infant so tender and mild  
 Sleep in heavenly peace  
 Sleep in heavenly peace

[Interlude 1]  
 Silent night, holy night

Shepherds quake at the sight  
 Glories stream from heaven afar  
 Heavenly hosts sing Alleluia  
 Christ the Savior is born  
 Christ the Savior is born

[Interlude 2]  
 Silent night, holy night

Son of God, love's pure light  
 Radiant beams from Thy holy face  
 With the dawn of redeeming grace  
 Jesus Lord, at Thy birth  
 Jesus Lord, at Thy birth

### The song from midnight silence

Lyrics: Dr. Monticello / Composer: Dr. Monticello

Midnight silence, breaking through the atmosphere  
 That old, glorious story, crystal clear  
 Angels hovering, just above the ground  
 With golden melodies, making a sound

Peace on the planet, good vibes for everyone  
 Said the message from the Holy One

The whole world stopped to listen in  
 Oh, can you hear the song begin?  
 The sound is here, pushing past the noise  
 It's a love song, lifting every voice

## Christmas Gifts From Dr. Monticello

Still they're flying through the atmosphere  
Wings of comfort for a world in fear  
Music floating over tired lands  
Above the chaos that we hold in our hands

Peace on the planet, good vibes for everyone  
Said the message from the Holy One

The whole world stopped to listen in  
Oh, can you hear the song begin?  
The sound is here, pushing past the noise  
It's a love song, lifting every voice

We've been hurting, fighting way too long  
Missing the point of that eternal song  
Two thousand years of getting it all wrong  
Man against man, where do we belong?  
Hey, stop the fighting, drop the angry sound  
Listen to the message coming down

The whole world stopped to listen in  
Oh, can you hear the song begin?  
The sound is here, pushing past the noise  
It's a love song, lifting every voice

If you're weary, carrying that weight  
It's not too late, it's not too late  
Golden hours are coming fast, yeah  
A peace that's finally built to last  
Just breathe it in, let go of the load  
Rest beside the road, and hear the sound of hope.

### Angels We Have Heard On High

Lyrics: James Chadwick, 1862 / Composer: Dr. Monticello

Angels we have heard on high  
Sweetly singing o'er the plains  
And the mountains in reply  
Echoing their joyous strains

Gloria in excelsis Deo  
Gloria in excelsis Deo

Shepherds, why this jubilee?  
Why your joyous strains prolong?  
Say what may the tidings be  
Which inspire your heavenly song

Gloria in excelsis Deo  
Gloria in excelsis Deo

Come to Bethlehem and see  
Him Whose birth the angels sing  
Come, adore on bended knee  
Christ the Lord, the newborn King

Gloria in excelsis Deo

### The message is clear tonight

Lyrics: Dr. Monticello / Composer: Dr. Monticello

Listen up now, the news is on the air  
Angels shouting, lifting everywhere  
Glory shining, a brand new King has dropped  
Peace is rolling, the old war has stopped

Everything is different now  
The future's turning around

Hey! The message is clear tonight  
A new life, a brand new light  
God is with us, right here, right now!  
Yeah, Emmanuel, taking a bow!

## Christmas Gifts From Dr. Monticello

Every nation, drop what you are doing  
 Get up, feel the victory brewing  
 Nature's waking, the whole world comes alive  
 Worship the miracle arriving

Everything is different now  
 The future's turning around

Hey! The message is clear tonight  
 A new life, a brand new light  
 God is with us, right here, right now!  
 Yeah, Emmanuel, taking a bow!

He came down to show us who He is  
 The timeless Lord, the everlasting "His"  
 Veiled in skin now, feeling what we feel  
 The mystery is suddenly so real  
 No more dying, the heavy lifting's done  
 He's giving all of us a second run

Hey! The message is clear tonight  
 A new life, a brand new light  
 God is with us, right here, right now!  
 Yeah, Emmanuel, taking a bow!

Hey! The message is clear tonight  
 A new life, a brand new light  
 God is with us, right here, right now!  
 Yeah, Emmanuel, taking a bow!

Hey! The message is clear tonight  
 A new life, a brand new light  
 God is with us, right here, right now!  
 Yeah, Emmanuel, never alone!

### Ugly snowman swing

Lyrics: Dr. Monticello / Composer: Dr. Monticello

Snow is falling now, and Christmas's almost here,  
 And I remember how we made snowmen every year.  
 They always looked a little funny when we tried—

Tiny eyes like yours and a crooked nose like mine.  
 But even that silly little snowman made us smile,  
 Standing like a masterpiece we built with childish pride.

Now those days are only footprints in the past,  
 And I wonder where you are as winter comes at last.

Do you still see snow in that warm southern town?  
 Every winter night, I think of you around.  
 We were young, we were fearless, everything was new—  
 Mm... we were the kind of friends you never get twice.  
 Yeah... we were the kind of friends that felt so right.

I don't make snowmen anymore these days,  
 I only pass the ones my neighbors proudly raise.  
 They're bigger now—so perfect, clean and tall—  
 But somehow they remind me of a loneliness I keep.  
 Every snowman brings a quiet emptiness,  
 'Cause without you here, the cold just settles in my chest.

Snow keeps falling while the season's turning slow,  
 And I still miss the friend I used to know.

Do you still see snow in that warm southern town?  
 Every winter night, I think of you around.  
 We were young, we were fearless, everything was new—  
 Mm... we were the kind of friends you never get twice.  
 Yeah... we were the kind of friends that felt so right.

Snow is falling now and Christmas lights are bright,  
 And I remember every frozen, happy night.  
 That ugly snowman kept us warm through every storm—  
 Now every winter feels a little less like home.

I don't make snowmen like the ones we used to do,  
 Every snowy day feels lonelier without you.  
 When I see snowmen standing quietly in the street—  
 Mm... it's just a long cold winter pulling at my feet.  
 Yeah... just a long cold winter whispering defeat.  
 Just a long cold winter... missing you with every beat.

## Christmas Gifts From Dr. Monticello

### Joy to the world

Lyrics: Isaac Watts, 1719 / Composer: Dr. Monticello

Joy to the world, the Lord is come!  
Let Earth receive her King.  
Let every heart prepare Him room,  
And heaven and nature sing,  
And heaven, and heaven, and nature sing.

Joy to the world! the Saviour reigns.  
Let men their songs employ.  
While fields and floods, rocks, hills, and plains  
Repeat the sounding joy,  
Repeat, repeat the sounding joy.

No more let sins and sorrows grow,  
Nor thorns infest the ground.  
He comes to make His blessings flow  
Far as the curse is found,  
Far as, far as, the curse is found.

He rules the world with truth and grace,  
And makes the nations prove  
The glories of His righteousness,  
And wonders of His love,  
And wonders, wonders, of His love.

### Santa had my daddy's hands

Lyrics: Dr. Monticello / Composer: Dr. Monticello

Painted pine nuts, red and white,  
Hanging 'round the tree so bright,  
Coffee can lanterns with little stars,  
Glowing lights like dreams from Mars!  
Trains and stations, old but new,  
Daddy made them shine with glue,  
Red and white, just like the cheer,  
We'd unwrap joy every year!

Santa came on Christmas night,  
Left some gifts in morning light!  
Big red socks upon the wall,

Near the fire, I'd hear him call!  
Oh, what fun those mornings bring,  
Cookies gone and bells would ring!  
Now I smile and understand—  
Santa had my daddy's hands!

Six years old, I'd leave a treat,  
Choco-cookies, oh so sweet!  
Woke to find a happy plate,  
Santa came and cleaned it straight!  
Funny how those gifts appeared,  
Amazon tags, kinda weird...  
But back then, I didn't mind—  
Magic's in a child's kind eyes!

Santa came on Christmas night,  
Left some gifts in morning light!  
Big red socks upon the wall,  
Near the fire, I'd hear him call!  
Oh, what fun those mornings bring,  
Cookies gone and bells would ring!  
Now I smile and understand—  
Santa had my daddy's hands!

I still believe when lights aglow,  
In every flake of falling snow...  
That Christmas love, so warm and true,  
Is what my daddy gave to you!

Santa came on Christmas night,  
Left some gifts in morning light!  
Big red socks upon the wall,  
Near the fire, I'd hear him call!  
Oh, what joy the season sends—  
Dad was Santa, and my friend!  
Santa had my daddy's hands!

### Four little finches, twenty-five geese

Lyrics: Dr. Monticello / Composer: Dr. Monticello

It's Christmas Eve, the snow is deep,  
The world is hushed beneath white trees.

## Christmas Gifts From Dr. Monticello

Tiny finches fly through air so cold,  
Like little sparks of memories.  
You pointed out, "What birds are those?"  
I said it once, I said it clear—  
"They're finches, Dad," with love at first...  
But then I felt my voice grow fierce.

Again you asked, with wondering eyes,  
And I replied with less delight.  
You asked again, a third, a fourth,  
'Til I snapped, "Finches! Can't you hear?"  
You only smiled and turned away,  
"Okay," you said, and walked inside.  
I didn't get it, not just yet,  
But something gentle stirred that night.

Four little finches in the snow,  
Carrying things I didn't know.  
Years spin like frost across the glass,  
But love remembers all that's passed.  
Twenty-five geese once filled the yard,  
And I was three, with shining eyes.  
You answered me each time I'd speak,  
Through twenty-five times:  
"They're geese, my sweet."

Mom told me how you smiled so wide,  
Each time I asked you, "What are they?"  
You never sighed, you never frowned—  
Just answered, loved me, every day.  
And now your memory fades like light,  
But in your eyes, I see the truth:  
A father's heart that always stayed  
So full of grace, so full of youth.

Four little finches in the snow,  
Carrying things I didn't know.  
Years spin like frost across the glass,  
But love remembers all that's passed.  
Twenty-five geese once filled the yard,  
And I was three, with shining eyes.  
You answered me each time I'd speak,  
Through twenty-five times:

"They're geese, my sweet."

Four little finches, soft and bright,  
Dancing through this Christmas night.  
And somewhere in the silent snow,  
I hear your voice from long ago.  
Twenty-five geese, one winter yard,  
A patient man with open arms—  
Now it's my turn, come rest in peace...  
Four finches, twenty-five geese.

### Three People on the Snowing Street

Lyrics: Dr. Monticello / Composer: Dr. Monticello

Snow is falling on a quiet morning,  
Walking out, the world is shining white.  
Then I see a family moving slowly,  
Three small shadows walking in the snow.  
Coming from the hospital together,  
Holding strength that only love can show.  
An older lady with a gentle smile,  
A limping son still standing strong.  
He pushes forward with a little stroller—  
A sleepy child softly holding on.  
And I stop just to watch them passing by,  
Something warm in the cold December sky.

Three people on the snowing street,  
Walking through the winter with a steady beat.  
Life is heavy but their hearts don't break—  
Love is stronger than the road they take.  
Oh Christmas, let your blessings meet  
Three people on the snowing street.

They've walked this road so many times before,  
Cold December never slows their pace.  
Even with the weight of endless worry,  
There's something peaceful shining on her face.  
And seeing them, my worries feel much smaller,  
All the blame I throw at life fades out.  
I pray the child grows stronger day by day,  
Wrapped in mercy as the snow comes down.

## Christmas Gifts From Dr. Monticello

As they turn down the road and disappear,  
I send a wish for hope to draw them near.

Three people on the snowing street,  
Walking through the winter with a steady beat.  
Life is heavy but their hearts don't break—  
Love is stronger than the road they take.  
Oh Christmas, let your blessings meet  
Three people on the snowing street.

Bless the children, bless the weak,  
Bless the days that feel too bleak.  
Bless the ones who walk through pain,  
Holding love through cold and rain.

Three people on the snowing street,  
Moving with a courage soft and bittersweet.  
May this Christmas guide their tired feet—  
Three people on the snowing street.

### Yeh, our ugly snowman

Lyrics: Dr. Monticello / Composer: Dr. Monticello

Yeah... ayy...  
Snow's fallin', fallin'...  
Mm, Christmas on the way...

Snow is falling down and Christmas's coming quick,  
Got me thinking 'bout the winters when we used to kick it.  
Building up a snowman in the yard with all our might—  
Tiny little eyes, crooked nose off to the right.

Yeah, he wasn't pretty but we loved him all the same,  
Laughing like we just won some kinda winter game.  
Those little moments used to warm us through the cold—  
Now I'm standing here just watching memories unfold.

Funny how the seasons change and people drift away,  
I still wonder where you are on nights like Christmas Day.

Do you get snow where you're living now?  
I still think of us when the flakes come down.

We were young, we were wild, didn't know we'd grow—  
Mm... you were the friend I never wanted to let go.  
Yeah... you were the one who always felt like home.

I don't build snowmen anymore these days,  
But I see the neighbor kids stacking them in place.  
Their snowmen look perfect like something from a show,  
But they don't hit the same as the ones we used to know.

Every frosty face just brings a little sting,  
Like winter's got a way of pulling at old strings.  
Without you here, the season always feels too long—  
Cold nights, warm lights, but something's still wrong.

Snow keeps falling slow across the empty street,  
And I keep losing track of things I meant to keep.

Do you get snow where you're living now?  
I still think of us when the flakes come down.  
We were young, we were wild, didn't know we'd grow—  
Mm... you were the friend I never wanted to let go.  
Yeah... you were the one who always felt like home.

Lights are glowing, music's flowing, memories on repeat,  
And I remember how we used to race down snowy streets.  
That ugly snowman kept us warm in every storm—  
Now winter doesn't feel the same, it just won't keep me warm.

No, I don't build snowmen like we used to do,  
Every snowy day feels empty without you.  
When I see snowmen standing frozen on the street—  
Mm... it's just the winter pulling rhythm from my beat.  
Yeah... just a long cold winter missing you so deep.

Ayy, missing you so deep...  
Snow's fallin', fallin'...  
Our ugly snowman...  
Didn't know it meant so much back then...

But can we get a platter when the singing is done?

The season's finally here, feeling so alive  
It's that festive aura, yeah, we're gonna thrive  
Gonna keep it merry, keep the energy high  
Watch the Christmas spirit fly!

We wish you a merry Christmas, yeah, we're coming with the flow  
We wish you a merry Christmas, puttin' on a show  
Good tidings when we pull up, bringing that to you and yours  
Merry Christmas, Happy New Year, clearing all the floors!  
(Hey, hey!)

We won't leave, no, we won't go  
'Til the figgy pudding is the center of the show  
We're having fun, yeah, the glow is tight  
But we're staying right here all night!

We wish you a merry Christmas, yeah, we're coming with the flow  
We wish you a merry Christmas, puttin' on a show  
Good tidings when we pull up, bringing that to you and yours  
Merry Christmas, Happy New Year, clearing all the floors!

We wish you a merry Christmas, yeah, we're coming with the flow  
(Coming with the flow)  
We wish you a merry Christmas, puttin' on a show  
(Yeah, puttin' on a show, clearing all the floors)  
Merry Christmas, Happy New Year, clearing all the floors!

Merry Christmas, Happy New Year.  
Good vibes only here.  
Yeah, bring that pudding out here...  
We out.
